

Tariff, Terms & Conditions for Banks

HSBC Continental Europe (Spółka Akcyjna) Oddział w Polsce

with the effect from 1st September 2025

Account opening

Accounts are open and maintained in accordance with General Terms and Conditions of Opening and Maintaining Bank Accounts with HSBC Continental Europe (Spółka Akcyjna) Oddział w Polsce. The document is available for download at <https://www.business.hsbc.pl/en-gb/download-centre> or we can send it upon request.

Statements, in the form of SWIFT MT950 messages, will be delivered to you on a daily basis regardless of the operation of the account.

Payment value dates and cut-off times

Value dates

To enable us to obtain value in accordance with your instructions, such instructions must be received on or before the cut-off time for that payment type, without it being necessary for us to repair or reformat the message. Payment orders are processed subject to sufficient funds.

Cut-off times

A payment instruction should be received by us on or before the cut-off time for that payment type, as notified to you from time to time. All times quoted are CET.

The cut-off times referred to below are for PLN payments that can be processed on a “straight through processing” (STP) basis, and which are covered by sufficient settlement balances on your accounts.

Payments received (debits) after the cut-off time will be processed on a best effort basis. Cut-off times refer to the last minute payment instructions for same day execution.

Payments received (credits) after bank business hours are booked with the same Value Date as the date of receipt of funds if straight through processed or on a next business day with good value if non-straight through processed.

Payments in other currencies are processed as per Payment orders cut-off times and value dates for Corporate Clients in HSBC Continental Europe (Spółka Akcyjna) Oddział w Polsce document which is available for download at <https://www.business.hsbc.pl/en-gb/download-centre>.

The cut-off times referred to are ours as the remitting bank; they do not necessarily cover or include the cut-off times imposed by the receiving banks. The value assigned to funds paid to the beneficiary depends on cut-off times and rules in force in the overseas center. If a foreign exchange deal is required, the cut-off time that applies is that of the “earliest” of the currencies involved.

Cut-off times	
Outgoing payments in PLN*	12:00 (noon) CET for external payments
	4:00 p.m. CET for internal book transfers for both Client and Bank to Bank
Incoming payments in PLN	Subject to receiving credit to HSBC's account with NBP.

**Execution of the payments is subject to sufficient funds being available on the account by 3:30 CET.*

Formatting and repair of messages

Payments should be completed as detailed in our SWIFT Message Formatting Guide. In the event that a payment is incorrectly formatted, we will repair the payment and process using reasonable efforts. Notwithstanding the above, we will have no liability to process a payment instruction in accordance with the value date which has been incorrectly formatted, and which we are unable to repair and process on or before the cut-off time for that payment type.

We recommend that your payment instructions are sent as early as possible.

MT103 STP guidelines will be made available upon request.

SWIFT MT202 formatting

MT202's are received as payment instructions. If your system allows, please quote your a/c number in field 53B.

Interest Terms

Interest will be applied to your account or charged for agreed facilities to your account at the following rates:

Interest rates	
Credit interest	0.00 % O/N deposits at market rates can be arranged with Balance Sheet Management from 9:00 a.m. to 5:00 p.m. CET
